an eloquent speech. John Thoroughgood briefly proposed the name of Theodore L. Acheson and L. F. Gettle offered the name of Charles S. Brink, of Evansville. He referred to rumors about deals governing the action of the resolution, and said he hoped the reports were not true. He did know, however, that Evansville had been treated worse than Esau was by Jacob. Esau was given a mess of pottage but Evansville hadn't had even a smell of official soup. Just as Rock is the banner county of the state so Evansville is the banner republican district in the county—a fact that the speaker believed called for recognition.

Convention Secretary.
N. R. McKey of Beloit, seconded Maltress' nomination. "We must be careful in our choice," he said solemnly, "for if by any mistake the people should fail to elect McKinley the office of sheriff will be the most important in the county for the next four years." [Cheers and laughter.]
D. Q. Stark, of La Prairie, and W. B. Andrew, of Magnolia, were put in nomination, and the balloting began.

Salvation Army Locked Up.
The other evening, the entire Salvation Army at Decatur, Ill., was arrested and locked up in the city prison. This is the culmination of a crusade which the city began to stop the open air meetings of the army under the ordinance which prohibits the blockading of streets and causing a nuisance.

ing of streets and causing a nuisance. The army went out on the streets and held the usual meetings, stopping on a prominent corner, and attracting a big crowd. The police then made the arrests. The merchants in front of whose places of business the army stopped were the first to enter complaint and appealed to the city to stop the meetings. The officers gave the army the privilege of parading, but ordered it not to stop anywhere.

Should Try the Trick on the Man.
There is a man in Des Moines who hitched an old pair of horses in a barn and left them to starve to death, as an easy means of ridding himself of them. When found by the society officers, the horses had with their poor old teeth gnawed away a good part of the wood of their stalls.

PUTNAM SQUELCHED BY THE DELEGATES

GREEN COUNTY REFUSES TO ENDORSE HIM.

It Was Argued that Urging Him For Lieutenant Governor Would Hurt the Candidacy of Mr. La Follette for Governor So He Was Turned Down.

Green county wants La Follette for governor, and is well satisfied with Cooper for congressman. The county convention yesterday endorsed the St. Louis platform, and recommended that the Green county delegation use all honorable means to secure the nomination of R. M. La Follette for governor. An amendment was offered by A. C. Dodge, to the effect that the urging of the Green county man for a place on the ticket in the approaching campaign, will be prejudicial to Mr. La Follette. The amendment became a part of the resolution, although friends of

H. C. Putnam made a fight against it, and the resolution with the amendment was adopted. The delegates elected to the state convention are: R. A. Etter, J. B. Treat, Dr. J. L. Fleek, Burr Sprague, E. F. Warren, Samuel Bloom, W. B. Hawthorn, A. Douglas, J. C. Ula. The congressional delegates are: D. H. Morgan, H. C. Putnam, Ferris Nalty, D. A. Stearns, A. F. Glassott, F. G. Root, W. W. Chadwick, William Day, Reuben Holcomb.

BRADFORD BOOK IN ROCK COUNTY
Janesville People on the Augusta Man's Candidacy for Governor.

In reviewing Ira B. Bradford's candidacy, the Milwaukee Sentinel says: "Mr. Bradford is a Badger. He was born in Fulton, Rock county, forty-five years ago. He is of good old Massachusetts stock, his family tree extending its roots back to that of Governor Bradford, of the Massachusetts colony. He was admitted to the bar in Janesville in 1873, and at once went to his present home of

One of Those Who Looked On.
Augusta. He was the first mayor of Augusta, and with this exception and two terms in the legislature, he has held no public office. He went to the assembly in 1879, and his popularity was shown by the fact that only thirteen votes were cast against him in his home town. In his second term of service he was elected to the speakership, and it is admitted by those familiar with his services that he was one of the best presiding officers that body ever had. He demonstrated abilities in the conduct of public duties which convinced his friends that Ira Bradford is competent for any public opinion in the state. For this reason the republicans of this section are anxious to nominate him and while they do not claim that he will lead on the first ballot, they say that arguments are to be made in favor of his candidacy which should not be ignored by the party in this year when everything should be done to bring about harmony and united efforts on the part of the republicans of the state to win a great victory."

Decrease Not So Large.

These figures do not show as large a decrease in acreage as was anticipated or that has taken place in recent years. The decrease of '95 over '94 was 20 per cent. and that of '94 over '93, 40 per cent., while the 5 per cent. noted in this season's crop indicates the county has got to about its lowest area in tobacco growing. The towns of Janesville and Harmony alone show an increase over last year, while most of the other precincts show a marked decrease. The town of Porter at one time was the banner tobacco town of the state, cultivating 1,500 or more acres but has now fallen below that of Fulton and Center. As has often been remarked in this column, these figures are only an approximate estimate. They are however the only information obtainable on this subject.

BIG FAIR PLANNED IN ROCK COUNTY

MANAGEMENT WILL ENGAGE
SOME NOVEL ATTRACTIONS.

Same Exhibits, Year After Year, Lose Their Interests After Awhile, and Something New Is Demanded—No Reason Why the Show Should Not Be Large.

If the Rock County Fair this year is not one of the best county fairs in the state, Secretary Watt will be disappointed.

The people want "new things," and it is the opinion of the management that some special attraction is needed to draw the people. Year after year the same old array of fruits, cabbages, etc., and practically the same exhibits of live stock, begin to get a bit uninteresting, even to the average school boy, to say nothing of those who have viewed the same exhibits a dozen times. At all the fairs in neighboring counties this year, special attractions will be introduced. At the Winnebago county fair, to be held at Rockford, Dr. Carter's celebrated diving horses, will leap into a tank of water from a height of seventy feet, and Happy Jack, the pacer, who was here last week, will also exhibit at fairs in this vicinity. If it is possible, Rock county will see such attractions, and there is no reason, why the fair this year should not be a big one, if the people will but interest themselves in its success, for the good of the city and county.

FRUIT DIRT CHEAP THE DEALERS SAY

HOT WEATHER MAKES A DIFFERENCE WITH THEM.

Melons Sell For Ten Cents and Peaches For Twelve and Thirteen Cents a Basket—Prices Have Not Been Equalled For Many Years—Season Is Early.

LOCAL dealer says that for this time of the year, fruit is the cheapest that has been known in the local markets for a long time. The very warm weather, during the past few weeks, and the extreme heat in the Michigan fruit-growing region, has set the peach market ahead of time, and the result is, the rush to the Janesville market has commenced earlier than usual. On the local markets today watermelons were retailing at 10 cents, while good Michigan peaches were being retailed at twelve and thirteen cents a basket.

We have to sell stuff for about anything that we can get after the day's rush is over," said a local dealer. "The fruit will not keep long this hot weather and the moment that a spot appears on a peach or a pear people refuse to take it. Hot weather is hard on us and no mistake."

SUGGESTS LIBRARY CHANGES

Rev. V. E. Southworth Gives His Ideas Of What Is Needed

EDITOR GAZETTE—I am deeply interested in the public library. To my mind it is one of the most important institutions in our city. I read in the report in the Gazette that there is a contemplated enlargement of our present library rooms. I see that we now pay \$250 a year rent, and I assume that when the room is enlarged that we will be expected to pay considerably more.

Now, as a loyal citizen, interested in the people, I ask if it would not be vastly better for the city to have a library building of its own. Two hundred and fifty dollars a year would pay the interest on a loan sufficiently large to enable us to erect a modest, substantial building for the city library.

Nobody would dream of saying that the present quarters are at all suited to their purpose. They are insufferably hot and noisy; and when, as is intimated, there is another dynamo room under the "library annex," the discomfort will not be greatly lessened.

A public library should be a place in which the people would love to linger; it should be clean, airy, artistic, well lighted and quiet. None of these qualities can be claimed for the present room. I would suggest, that if the way is not open to erect a separate library building, that the library be moved to a suitable room in the new High school building. In the interest of Janesville,

VICTOR E. SOUTHWORTH.

Hinbert Wilkes Wins Fourth Money at Cleveland—Horse News.

Hinbert Wilkes, Soverhill & Porter's good pacer, won fourth money at Cleveland, yesterday, the race being won by Frank Bogash, in a hot six-horse contest. Hinbert Wilkes' best position was second. The fastest heat was 2:10.

Afrite, the pacer who set the Janesville track record at 2:08, and has never equalled that time since, was behind the money in the 2:09 pacing class.

Dorothy, the handsome cream colored colt that raced here last week, won the 2:45 pacing class purse at Waukesha, yesterday, in 2:21.

At Freeport, yesterday, Majada, the grey pacer, that won the 2:40 class purse here, was beaten by Pearl Onward in 2:11. Godella beat Philondes in the 2:28 trotting race, going in 2:17.

A BIG CRASH IN CUT GLASS

Serious Loss Caused by an Accident at Wheelock's.

The South Bend Tribune says: There was a \$300 crash in the crockery store this forenoon. It was caused by the breaking of a two by four scantling, which precipitated two men and the broken timbers among a choice collection of glass, china and fancy show cases.

The accident followed an effort of the men, employed by T. F. Berkeley, to stretch canvas over scantlings laid across the room over the middle line of shelves and cases with the ends supported by the galleries. The canvas was to protect the goods from injury while the men painted the ceiling, but while it was being arranged one of the timbers, which was defective, broke. The consequences were woeful.

Beautiful cut glass, punch bowls larger than an old fashioned wash bowl, ice cream trays, olive dishes, water bottles and pitchers, all of the most expensive kind, delicate pieces of china and handsome show cases, the choicest goods in the store, broken to flinders. The remarkable thing about it was that the men were not injured. Mr. Wheelock invoiced the broken goods and places the loss at \$300.

EPWORTH LEAGUE CONVENTION

Methodist Young People Workers to Meet At Whitewater.

The annual convention of the Janesville District Epworth League will be held in the Methodist church at Whitewater, August 20-23. A special program is prepared. The Aria Concert company gave an entertainment Friday evening. A lecture on "Talks and Talkers," by Prof. C. O. Merica, on Saturday evening. Sunday will be a great day. Mary Eva Gregg, of the Chicago Training school, will have charge of the course of Bible study.

Now remember:

1. 2,500 Epworthians in the district. There ought to be 500 in attendance.

2. One and one-third fare for transportation is expected. Get a receipt from ticket agent when you buy your ticket.

3. "Finest of the Wheat," No. 2, will be used. Bring your book.

4. You need a blank book and lead pencils—a sharp eye, quick ear and steady hand will do the rest.

5. Cut out this notice. Read it over three times a day. Be sure and attend the convention.

By order of the committee.

THE OVERFLOW OF LOCAL NEWS.

AMERICAN PASTOR ACCUSED BY TURKS

RYAN WILL MAKE HIS SPEECH
OF ACCEPTANCE.

August 12 the Date Fixed—Explicit Statement as to the Coming Campaign Expected—Chicago Students Visit Maj. McKinley.

Lincoln, Neb., July 30.—Upon receipt of intelligence from New York that the all of Madison Square Garden could be secured for that date, Mr. Bryan announced that he would receive the nomination committee of the democratic national committee there Aug. 12. He was unable or unwilling to say just when he would leave this city for the east, over what route he would make the trip, or how long he expected to be en route.

It is known that Mr. Bryan is now preparing his speech of acceptance, and it is further known that it will contain much that will more thoroughly challenge criticism than did his utterances in the Chicago convention. He expects to lay, in his New York speech, the groundwork for the campaign. It is believed that until then no man will learn from his lips just what he may be expected to do in relation to the populist nomination. Possibly he may not even then show his hand, but it is believed that he will then give some intimation of his plans in relation to the dilemma in which the populist convention has placed him.

WATSON SPEAKS OUT.

Will Not Resign His Place on the Populist Ticket.

Atlanta, Ga., July 30.—Thomas Watson of Thomson is out in a strong editorial in his paper stating his grounds for accepting the nomination for vice-president from the populist national convention. He refers to Mr. Sewall as an individual of standing, and a free-silver democrat, but adopts the argument elaborated on at St. Louis, that the nomination of a populist for second place was necessary to preserve the autonomy of the populist organization, especially in the south. The editorial is accepted not only as a letter of acceptance, but also an official ultimatum that propositions of withdrawal will not be considered by Mr. Watson or the populists, and that the case now rests with Mr. Sewall.

The announcement virtually commands the withdrawal of the democratic candidate for vice-president. Throughout the editorial insinuations are made, and, while it seems to analyze the situation, develops the fact that Mr. Watson is making a strong demand for his immediate recognition as Bryan's running mate.

FORTY YEARS

OF SUFFERING FROM PILES.

Remarkable Cure of Popular Major Dean, of Columbus, Ohio.

People who suffer from that annoying and obstinate disease will be gratified to learn that science has discovered a safe, convenient and simple cure for every form of piles, as the experience of the popular Major Dean, of Columbus, Ohio, amply attests. The Major says: I would like to add my name to the thousands who have been cured by the Pyramid Pile Cure. I know from experience that it is the only remedy on earth that will effectually cure piles; plenty of remedies give relief for a time, but as for a lasting cure I had tried all the salves, ointments, etc., without success. Six boxes of the Pyramid Pile Cure entirely removed all traces of a case of piles of forty years standing.

You may rest assured that the Pyramid Pile Cure has no stauncher advocate than myself. I feel that it is my duty to allow you to see my name in any way you may see fit, in order that other sufferers may thus be directed to what I feel certain will be a speedy relief and cure.

The Pyramid Pile Cure gives instant relief and a permanent cure in all kinds of blind, bleeding, itching piles.

It is absolutely free from opiates, cocaine and similar poisons, so common in pile cures.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00.

A book on cause and cure of Piles will be sent free by addressing the Pyramid Co., Albion, Mich.

committee adopted the following resolution: That it is the sense of this meeting that this committee shall take such steps as are necessary to place before the people of the state of Colorado for their suffrages in November a straight republican ticket, headed by republican electors, who will cast their vote, if opportunity offers, for McKinley and Hobart.

Mr. Hodges, chairman of the state committee, announced that the republican members of the committee who were in sympathy with the national democratic ticket and who proposed to work for it had better resign and that his rulings would be against them. The Bryan and Sewall men refused to leave and the committee adjourned in great confusion. The committee at a night session decided to hold the state convention at Colorado Springs on September 30.

FROM UNIVERSITY OF CHICAGO.

Representatives of Republican Clubs Visit Major McKinley.

Canton, Ohio, July 30.—A committee from the University of Chicago arrived Wednesday to call on Major McKinley. They came as the representatives of the republican clubs of the school to pay their respects to the republican candidate, and to present to him a life-sized marble bust of himself. The bust was made by Hans Hirsch, the noted sculptor of the city. The bust is finished in American Parian marble, mounted on a mahogany plaque. It was intended to send the bust here by the republican club of the University of Chicago, but it was found impracticable, and a committee was chosen to bring the bust to Canton. H. L. Ickes, president of the club, made the presentation speech, and Major McKinley responded.

Ex-Governor J. M. Thayer of Nebraska called to pay his respects to Governor McKinley.

Active Campaign in Iowa.

Des Moines, Ia., July 30.—Chairman McMillan of the republican state central committee has closed a series of conferences with members of the committee representing the various districts. He stated that the outlook for republican success in Iowa was good and increasing daily, but a great deal of work would have to be done. The committee will begin at once to distribute literature, and not later than August 15 will put speakers in the field. The congressional candidates are many of them already in the field holding outdoor meetings. The democrats are also getting ready for their campaign, but they are compelled to wait their state convention, August 12, before making final arrangements.

Will Send Orators to the East.

Denver, Colo., July 30.—I. M. Stevens, who will have charge of the campaign of the silver party, with headquarters at Washington, has returned to Denver. Mr. Stevens declined, for professional reasons, to accept the chairmanship, but was made vice chairman, with the understanding that he would attend to the active work. "We will conduct a vigorous campaign from the word 'go,'" said Mr. Stevens. "We purpose to swamp New York and the New England states with speakers. The gold men will find that they will have business enough to attend to at home. We can't meet money with money, but we can meet money with organization. The committee of the silver party and the democracy will work in perfect harmony."

Thurston to Stump the West.

Chicago, July 30.—National Committeeman Hahn, who is at the head of the speakers' bureau of the National Republican headquarters, made his first assignment of speakers yesterday for the Western department. After a conference of the members of the executive committee and Senator John M. Thurston, Mr. Hahn arranged a list of assignments for Senator Thurston of Nebraska, as follows: Madison, Wis., July 31; Milwaukee, Wis., August 5; St. Paul, Minn., August 7; Duluth, Minn., August 8; Topeka, Kan., August 12; Ottumwa, Iowa, Aug. 15. Other assignments will be given out in a few days.

Washington for Headquarters.

Washington, July 30.—The location of the national democratic headquarters will be decided in a few days. Senator Jones, chairman of the committee, is expected here to-day or Friday. There is strong disposition at present to locate the headquarters here, and unless Senator Jones' trip to the West has changed his ideas on the subject, it seems reasonably certain that Washington will be selected.

Will Meet in St. Louis.

St. Louis, Mo., July 30.—St. Louis is to be the meeting place of a state convention of sound money democrats on Aug. 19. This step was decided on at a meeting Wednesday of the executive committee of seven of the sound money democratic league in the law office of Colonel James O. Broadhead, chairman of the committee.

Editors Will Be on Hand.

Milwaukee, Wis., July 30.—J. E. Heg of Lake Geneva, president of the Wisconsin Republican Editorial association and a member of the state board of control, is in the city making arrangements for the editors, who will be here in force next Wednesday night, August 5, to attend the state convention and ratification meeting.

MOTHERS MUST GUIDE.

Should Watch the Physical Development of Their Daughters.

Information They Should Furnish at the Proper Time—Knowledge by Which Suffering May Be Avoided.

Every mother possesses information of vital value to her young daughter. When the girl's thoughts become sluggish, with headache, dizziness, and a disposition to

sleep, pains in back and lower limbs, eyes dim, desire for solitude, and a dislike to the society of children: when she is a mystery to herself and friends, then, her mother should come to her aid. Lydia E. Pinkham's Vegetable Compound will, at this time, prepare the system for the coming change. See that she has it, and Mrs. Pinkham, at Lynn, Mass., will cheerfully answer any letters where information is desired. Thousands of women owe their health to her and the Vegetable Compound, and mothers are constantly applying to her for advice regarding their daughters.

TWO STANDARDS

Bimetallism means a good many things this year. In its logical sense the word means the use of two money standards—one of gold and one of silver. The American statesmen in the early years of the republic endeavored to establish and put into use both these precious metals as money of account and commerce, but they only wanted one unit of value for measuring the value of all kinds of property and debts. They called that unit a "dollar." To make the two metals—the white and yellow—work together as a common measure of values of property and credits they proceeded to ascertain how much of the white metal by weight would exchange for a certain weight of the yellow metal. At their first attempt they fixed the weights at fifteen ounces of silver to equal in commercial value one ounce of gold; but experience showed that they had put too much gold in the gold dollar by a few cents, and they would not work together on equal terms as money of commerce.

About forty years later, when General Jackson was president, the democratic party then being in power changed the ratio to 16 to 1. That is, they amended the unit so as to declare that 16 ounces of silver were the equivalent in value to one ounce of gold, and proceeded to coin dollars of both metals on that ratio.

The weights of the respective dollars were then and thereafter as follows:

The gold dollar to weigh 23 1-5 grains of pure gold.

The silver dollar to weigh 371 1-4 grains of pure silver.

There were two standards established in 1834. They were supposed to be of equal intrinsic and commercial value. And it was believed that they would circulate together in buying and selling all kinds of property, and that they would interchange with each other on terms of equality in all business transactions. But they never did, as it turned out that 371 1-4 grains of silver were worth in buying things 2 to 3 cents more than 23 1-5 grains of gold. Hence, the standard silver dollar never circulated as money among the people until after the silver metal itself began to depreciate in purchasing power all over the world, which happened a little more than twenty years ago.

This depreciation of silver has been going on steadily and inexorably until it now requires 700 grains of silver to buy as much labor or property as 23 1-5 grains of gold. As the gold and silver dollars are now far apart in intrinsic value they cannot be circulated on equal terms under free coinage, and the real issue before the country is which of them shall be used as the standard coin to measure values and pay debts.

Spain must think there is something in that Cleveland bluff about a war just before election. That is the only theory that would account for the reckless extravagance of the Spaniards in the purchase of war vessels.

It is probable that "Little Billie" Bryan was as much astonished when Chairman Jones told him what it cost to get him nominated by the populists as when he was nominated by the democrats.

If Bryan is shrewd he will take advantage of his present notoriety to negotiate with the publishers of that Omaha paper for an increase of salary and a permanent position. He will need both after election.

Tom Watson isn't a Solomon, but he has sense enough not to waste any time studying parliamentary tactics. He knows that he will never preside over the senate.

The English newspapers are much more alarmed over the prospects of

Bryan's election than anybody is on this side of the Atlantic, where no such prospect is visible to the naked eye.

It is not likely that the naming of Tom Watson by the pops has increased the "putting up" qualities of Mr. Sewall.

Brother Hill appears to be in danger of losing control of the New York state democratic machine.

BASEBALL REPORT.

Games Played in the National League Yesterday.

Chicago's rally in the fifth inning yesterday was one of the best the team has made in a long time. On the fourth effort Cleveland got a game from Cincinnati, and Baltimore won in Boston. To-day Cincinnati encounters Pittsburgh, which has won four games out of six from the reds this season. Games played:

MEN MURDER THEIR WIVES.

One Narrowly Escapes a Mob of 800 Would-Be Lynchers.

Cincinnati, Ohio, July 30.—Wednesday night, Thomas Davis, a colored laborer, from Rising Sun, Ind., in a jealous frenzy, cut his wife's throat with a butcher knife. She died immediately. Four policemen took him from a pursuing mob of 800 would-be lynchers in five minutes after the deed. It was all they could do to land him in a station house cell.

Massillon, Ohio, July 30.—Jess Wilson, a young boatman who came here from Mansfield a month ago with a young wife, formerly Ella Lloyd Canton, cut his wife's throat. He was captured. The woman made an ante-mortem statement. She is dying.

Point Pleasant, W. Va., July 30.—Henry Lyon, in the Cologne district, murdered his wife Tuesday, went to his mother's home, told her the story, then blew out his own brains with a pistol. A lynching posse visited the house and found him dead.

STRIKING INDIANA MINERS.

They Seek to Close the Hymera Collieries, but Fail.

Sullivan, Ind., July 30.—After ten days of inaction the striking miners who drove the Taylorville miners out of the district and who have been camped at Star City since the riots commenced, marched for Hymera with the avowed intention of closing the mines working. During the night rumors had been sent to all mines in the district notifying the striking miners of the action to be taken. At 5 o'clock Wednesday morning nearly 500 miners commenced the advance. Upon reaching Hymera they found all the men in the mine where it was impossible to get at them and they marched to Jackson Hill where other non-union men were working. Arriving at Jackson Hill, the army of strikers had no trouble in persuading the non-union men to stop work, owing to their great numbers. Word received from Hymera says the striking miners have given up the endeavor to close the Hymera mines and most of the strikers quietly returned home.

Politics in Wisconsin.

Milwaukee, Wis., July 30.—As August 5, the date of the republican state convention, draws nearer the signs point to ex-Congressman La Follette of Madison leading by a good majority on the first ballot. Exclusive of the county conventions held throughout Wisconsin Wednesday La Follette has a big lead over Scofield. The figures are: La Follette, 126; Scofield, 78; Baensch, 16; Bradford, 11; Haugen, 3; unpledged, 84. This makes a total of 315 delegates elected so far. There will be 680 delegates in the convention.

Gold Hoarding Goes On.

Washington, July 30.—While the export of gold seems to have been completely checked for the time being, at least, there are signs that hoarding is still going on to some extent. Wednesday's statement of withdrawals, for instance, shows that of the \$321,200 of gold taken from the treasury, \$305,400 was in coin and only \$16,200 was in bars for use in the arts. During the day \$60,000 in gold coin was received at the treasury, making the balance stand at \$106,300,704.

Stenstrum Makes a New Mark.

H. W. HOUSE IS LAID TO THE FINAL REST

THE FUNERAL WAS VERY LARGELY ATTENDED.

Large Delegation Came Down From Baraboo On a Special Train—Services Were Conducted By Rev. W. H. Wotton, of Trinity Church—Other Mortuary Mention.

The funeral of Halbert W. House was held from his late home in the Waverly flats, at 4 o'clock this afternoon, the services being conducted by Rev. W. H. Wotton, rector of Trinity church. After the sad exercises, the remains were taken to Oak Hill cemetery for interment.

The funeral was a large one, many railroad men and their wives being present. A special train brought down a large delegation of Baraboo people, among them being:

Conductor C. E. Halliday and wife, John Tillotson and wife J. W. Hazen and wife, H. G. Gropp and wife, J. E. Filkins and wife, Frank Sweeney and wife, T. A. Ward, J. J. Riley, W. F. Frenz. Other conductors present were A. E. Rich and wife, J. H. Dower and wife, James York and wife, Frank D. Sughrus and wife of Janesville; E. J. Connors, Harvard; John Nightengale, Janesville; M. Stoddard and daughter, Elroy.

Engineers H. C. Brown and wife, S. Mould and wife, A. C. Blackburn and wife Baraboo and C. E. Sherwood and wife of this city, also attended, as did J. J. Hull, the trainmaster at Baraboo; J. J. Getting, cashier at Madison and Thomas B. James and wife of Milwaukee, Mr. James being the route agent of the American Express company.

The pall bearers were C. E. Halliday, G. H. Devins, J. H. Dower, John McGuire, A. C. Astrup and A. B. Robbins.

Charles J. Arnold.

The remains of Charles J. Arnold, who died at Maywood, Ill., arrived in Janesville last night, and were shipped to Portage this morning for interment beside the wife and child. Josiah Arnold, H. E. Arnold and Louise C. Arnold accompanied the remains.

John Grant, of Beloit.

Beloit, July 30.—John Grant, aged 49, a retired farmer and a soldier of the civil war, died at a Chicago hospital the result of an operation. He was a widower and leaves one child.

MR. SOL'S RECORD WAS GIVEN A RUB

YESTERDAY AND TODAY WERE HOT DAYS.

Thermometer Registered Ninety-Two Some Time After the Sun Went Down Last Night—Parks Were Full of People—Boom in Soda Water Sales.

OT headed Mr. Sol. paid particular attention to this city yesterday and today, and he gave his record a very close rub. Thermometers told queer stories, and the different stories, and the reports received by The Gazette would make quite a table. The top notch was reached, however, when one man reported that the thermometer at his house registered 92 degrees above zero, long after Mr. Sol had quit business for the day, and gone down below the western horizon for the night. Still later the mercury showed 80 degrees, and at that the man got discouraged and went to bed.

The city parks were popular breathing places because of the intense heat and many people sat on the benches far into the night.

The soda fountain fizzed merrily and the proprietors reaped a harvest. One local druggist reports the sale of 500 glasses of soda and that was before the rush quit too. Many people said yesterday was the hottest day of the year and but few had the hardihood to deny it.

DENY THE CHARGES AGAINST THEM

John Brennan's Invited Guests Plead Not Guilty.

Daniel Sheridan, Thomas Kehoe, Phillip Sheridan, William McGrane, and John Tierney, appeared before Judge Phelps this morning, to answer to the charge of raising a disturbance, Saturday evening, at the home of John Brennan. They pleaded not guilty, and the case was set for trial August 4, at 9 a. m. George Buchholz appeared for them.

THE LEADING ISSUES.

Mark Hanna Says They Are Tariff and Finance.

New York, July 30.—The prophecy that Chairman Hanna would ignore the New York politicians in the preliminary organization of campaign work for Major McKinley has proved false, for Frederick S. Gibbs, of the New York organization and the national republican committeeman from this state, was one of a few favored guests at a meeting of the eastern managers Wednesday.

Mr. Hanna said:

"Mr. Platt was not invited to the meeting simply because he is not a member of the committee. Mr. Gibbs, the New York state national committeeman, was invited by me to attend so that he may be kept in touch with the plans that may be formulated. Mr. Gibbs is New York's national committeeman and is responsible in a large measure, by virtue of his position, for the result in this state." Mr. Hanna added: "I feel confident that the republican party in New York state will work harmoniously for Mr. McKinley's election."

Washington, July 30.—It is said that Mr. McKinley's letter of acceptance will not be made public until after Mr. Bryan receives official notice of his nomination and has made his little speech. It is also further said that Mr. McKinley in his letter will hold to his preference for the tariff as the leading issue of the campaign and force it to the front as conspicuously as possible.

Page Lowers Arion's Record.

Portland, Me., July 30.—The fastest four-heat trotting race of the season in the United States was made by Page over the Rigby Park, Wednesday.

Page also took from Arion the 2-year-old record of 2:10 3/4 by making 2:06 3/4, clipping his own mark from 2:11 1/4. The race was in the 2:14 class for a purse of \$500. Page won the second, third and fourth heats in 2:09 3/4, 2:11 and 2:11 1/4. Vega won the first heat, time 2:10 1/2. Page is by Polonais, dam Dubois mare.

Worden Will Be Hanged.

San Francisco, Cal., July 30.—S. D. Worden, the railroad striker, charged with wrecking the railway bridge near Sacramento two years ago, and thereby causing the deaths of Engineer Clark and three United States soldiers, must hang. The Supreme court Wednesday handed down a decision in which it affirmed the judgment of the Superior court, where Worden was convicted of murder in the first degree and sentenced to hang.

Ride Bikes as Punishment.

An English paper says that the Sultan of Morocco uses bicycles as instruments of torture for any of the ladies of his harem who have the misfortune to offend him. The unhappy odalisques are compelled to mount machines and ride around a marked track in the palace gardens. Not knowing how to ride their repeated falls and other misfortunes furnish the sultan and his more favored wives with endless amusement. When they have fallen twenty times, provided, of course they have not broken their necks in the meantime—the punishment is complete and the bruised beauties are allowed to retire.

WHETHER you purchase or not, don't fail to see the new portieres at Bort, Bailey & Co's. There are one hundred pair, the newest thing out.

EUGENE T. FISH,

CITY TAX IS LOWER THAN LAST YEAR

CITY CLERK BADGER MAKES SOME ESTIMATES.

Last Year \$16.17 Was Collected On Each Thousand Dollars' Worth of Taxable Property, While This Year the Sum Will Be \$14.395—Expenses Are Less.

Taxes will be lower this year than they were last.

So says City Clerk Badger, who has been making some estimates.

Last year, the sum collected was \$16.17 on each thousand dollars worth of taxable property.

This year but \$14.395 will be collected on each thousand, the figures in both instances being exclusive of the ward tax.

The reduction is due to the fact that less money will be needed to pay the city's expenses this year. Last year the steam roller and stone crusher were bought, and there were other heavy expenses, that will not have to be met this year. Then last year the city was in debt, in a much greater sum than will be necessary during the twelve months to come. The tax roll has been approved by the council, and payment will be due the latter part of next month.

"While my figures are only estimates, of course," said Clerk Badger, "I think they will be found to be substantially correct."

National Day At Monona Lake Assembly

For the above occasion the Northwestern Line will, on July 31, sell excursion tickets to Madison and return and half rates—one fare for the round trip, good for return passage until August 1, 1896, inclusive. For tickets and full information apply to agents Chicago & North-Western Railway.

Don't trifle away time when you have cholera morbus or diarrhoea. Fight them in the beginning with DeWitt's Colic and Cholera cure. You don't have to wait for results. They are instantaneous and it leaves the bowels in healthy condition. C. D. Stevens.

Poison Ivy, insect bites, bruises, scalds, burns, are quickly cured by DeWitt's Witch Hazel Salve, the great pile cure. C. D. Stevens.

DELUGE IN INDIANA SPREADS RUIN OUT

IMMENSE DAMAGE INFLICTED
IN THAT STATE.

Three Lives Lost—Floods Weaken a Bridge, Allowing an Engine to Fall—Tornado in the Vicinity of Bluffton—The Storm Elsewhere.

Crawfordsville, Ind., July 30.—The most terrific rainstorm in the history of central Indiana passed over the city Tuesday night about midnight, and raged for three hours. Thousands of dollars' worth of damage was done in this city alone, besides the many farm-houses and barns that were destroyed by fire caused by lightning. The city was almost entirely deluged with water, the main streets being raging rivers. At the Monon depot the water was fifteen feet deep.

The electric light plant was burned out, leaving the city in darkness. Many small buildings were swept away, while the tracks of the different railroads were torn up for many hundreds of feet.

A terrible accident, which caused the death of three men, occurred on the Vandalia railroad one mile north of this city. On account of the washout of a bridge at Wea on the Monon that road had been using the Vandalia from Colfax to this city. Roadmaster Brothers, fearing that the Walnut Fork bridge might be unsafe, ordered out an engine from Terre Haute to cross it for a test. Five men were on the engine, which started across the bridge at thirty miles an hour, when in the middle of the structure, forty feet above the raging river below, the engine, without warning, plunged through the weak timbers into the river, carrying its load of human freight with it. Three of the men were instantly killed, while the other two received injuries that may prove fatal. The killed are: CHARLES E. M'KINZIE, brakeman, Terre Haute.

R. B. FOWLER, conductor, Logansport. JOHN HEIBER, fireman, Logansport.

The injured are: J. S. Brothers, roadmaster, Crawfordsville, three ribs broken and otherwise injured. Frank Bowman, engineer, injured internally.

The Monon passenger train from Chicago was only ten minutes behind the ill-fated engine, and had the roadmaster not ordered the testing of the bridge by the brave crew of the engine the Monon train would have fared the same fate, and the loss of life would have been great.

At Hillsboro, ten miles west of this city, lightning struck the Odd Fellows' block, and before the flames could be extinguished the entire town was almost completely wiped out. Nothing remains of the beautiful little town but the depot and several small buildings. The loss will reach over \$25,000.

Meager reports from the surrounding country show the loss of much grain standing out, while the killing of stock by the lightning will entail a loss of many thousands of dollars. Several people had narrow escapes from being drowned.

DESTRUCTION BY TORNADES.

Portions of Ohio and Indiana Visited and Crops Ruined.

Elwood, Ind., July 30.—The loss in the rural districts by Tuesday's deluge will be fully \$75,000. Many oats and corn fields are still submerged and will remain so several days.

Milford, Ohio, July 30.—The lightning in the furious rainstorm here Tuesday night destroyed barns, entailing a loss of \$10,000. Three members of John Shafer's family were struck but not fatally injured by lightning.

Portsmouth, Ohio, July 30.—The loss and damage by the present flood in this vicinity is confined to corn crops, and will foot up \$125,000.

Athens, Ohio, July 30.—A hurricane and a deluge of rain visited this region at midnight Tuesday. Two valuable barns were struck by lightning and destroyed. A large flouring mill was struck and badly damaged.

Sidney, Ohio, July 30.—A tornado struck this region at 5 o'clock Wednesday afternoon. The hills protected the city, but houses were unroofed and trees were twisted off. It was worse in the country, but no loss of life has thus far been reported.

South Charleston, Ohio, July 30.—This city was visited Wednesday by a most destructive wind and rain storm. Trees were uprooted, fences prostrated and many bridges swept away. Crops in lowlands have been made not worth harvesting.

Huntington, Ind., July 30.—A tornado damaged many buildings here, twisted off trees and rendered worthless many fields of corn and oats. It was accompanied by a deluging rain.

Wabash, Ind., July 30.—A severe hailstorm did great damage to the crops north of Roann, this county. Large hailstones fell for half an hour, cutting the corn. There was also a tremendous rainstorm, which soaked all the wheat and oats standing in the fields, and little of either will be saved.

Muncie, Ind., July 30.—After reaching a depth of nearly seventeen feet, the highest for twenty years, White river began to recede, having done much damage. There were eighteen inches of water in the pumping-house at the water-works, but the pumps were not stopped. The lowlands adjacent to the river were flooded for miles and Buck creek land is likewise flooded. Several bridges were rendered dangerous.

Princeton, Ill., July 30.—The heavy rains of the last week have caused the Illinois river to leave its bank, and in

the bottom lands between Marquette and Putnam corn and grain fields are flooded, and the crops will be ruined. Much damage has also been done in other localities.

TORNADO SWEEPS BLUFFTON.

Dwellings, Churches, and Other Buildings Razed to the Ground.

Bluffton, Ind., July 30.—Wednesday afternoon a tornado swept over this county, clearing everything before it. Robert Gavin's huge barn was crushed, burying cattle and horses in the debris. Its track was only a few miles north of that of Tuesday's storm. Dwellings were overturned, and the Methodist church was unroofed at Liberty Center. At Petroleum a dwelling was blown to pieces. The Clover Leaf railway, between here and Liberty Center, was covered with fallen trees.

Tipton, Ind., July 30.—The Third ward schoolhouse, fired by lightning, burned Wednesday, with a loss of \$20,000. It had just been built to replace one burned three years ago. One hundred dwellings within four squares of the river are flooded. Hundreds of head of live stock have been drowned. Jesse Welch was drowned in his own flooded barn-yard trying to save some of his live stock.

TROUBLE IN CLEVELAND.

Brown Hoisting Works May Have Another Strike.

Cleveland, Ohio, July 30.—It is probable that another strike will occur at the works of the Brown Hoisting and Conveying Machine company Tuesday or Friday morning. The strikers and the company settled Monday and Tuesday morning a number of strikers returned to work. The men claimed that one of the terms of settlement was that all should be taken back without discrimination, but it was reported by the leaders that all of the men who had been given employment had been cat-chised by the foreman, and each man was asked to state whether he was a member of a union. At the meeting of the Central Labor Union, when these reports were announced, the statement was made that unless the cat-chisms were discontinued, all the machinists, structural ironworkers and laborers would again be called out, and the fight against the company would be resumed. Joseph Bishop, the secretary of the state board of arbitration, called at the office of the company, and was told that the cat-chisms were unauthorized. Unless they are discontinued the men will go out again, and a long and a bitter fight will be the result.

DEATH SOMEWHAT SUDDEN.

Robert Garrett, Noted Railroad Man Passes Away.

Baltimore, Md., July 30.—Robert Garrett, formerly president of the Baltimore and Ohio railway, died at his cottage in Deer Park, Md., soon after 3 o'clock Tuesday morning. Although Mr. Garrett had been a hopeless mental invalid for many years, it was not thought that his physical infirmities were such as to cause any immediate uneasiness upon the part of his friends.

Monday his physical condition showed a marked change for the worse, and on Tuesday his condition became critical. His wife was with him when the end came, which was peaceful and apparently painless. The immediate cause of death is understood to have been chronic nephritis, which he had suffered from for many years.

The arrangements for the funeral are not yet completed, but it is thought it will take place in Baltimore Saturday.

Pennsylvania Road Stops Work.

Philadelphia, Pa., July 30.—Because of the general depression in business the Pennsylvania railroad company decided to stop all work on its line wherever possible in order to reduce expenses. One of the vice-presidents of the company said that the reason for stopping the work was the fact that financial trouble and business depression exist all over the country. He said the experience of other corporations lead to the belief that if the company decided to float bonds in order to continue the improvements it would be difficult to do so except at a sacrifice.

Two Hundred Militiamen Sick.

Indianapolis, Ind., July 30.—The sick call at the camp of instruction of the Indiana National Guard, now in progress at Fairview Park, showed 200 men on the sick list. This was caused largely by exposure Tuesday afternoon, when the men were marched to Broad Ripple and back, a distance of eight miles, through a driving storm. At night the camp was flooded by the coldburst, and this was followed by the most intense heat known this summer. All these things have combined to thoroughly demoralize the health of the camp.

Barrister Shoots a Minister.

Texarkana, Ark., July 30.—At the Cotton Belt depot Wednesday Colonel John Hallam, a well-known attorney, and author of "The Diary of An Old Lawyer," shot and fatally wounded Rev. W. A. Forbes, one of the most prominent Baptist ministers in the state and pastor of a church at New Lewisville. Mrs. Hallam recently obtained a divorce from her husband. Hallam charges Forbes with alienating his wife's affections and bringing discord into his home.

Two Young Ladies Drowned.

Burlington, Iowa, July 30.—Miss Mary Phares, formerly a resident of Milton, and Miss Webber were drowned Tuesday evening in a large pond on the farm of William Webber of Brock, Mo. It seems they went in bathing and got beyond their depth. Both of the girls were 18 years of age, and were quite talented.

TO MAKE HIS TALK IN NEW YORK CITY

MISDEEDS CHARGED TO AN
AMERICAN MISSIONARY.

Rev. Mr. Knapp, One of the Best and Bravest of Those Who Spread the Light of Christianity, Arrested at Bitlis.

New York, July 30.—Mrs. George P. Knapp, wife of the missionary, the Rev. George P. Knapp, who was arrested at Bitlis, eastern Turkey, on the charge of conspiring against the Turkish government, has arrived in this country from the east. Mrs. Knapp left her husband in Constantinople to stand trial upon the charges preferred against him.

Upon the missionary's insistence the government secured ex-parte affidavits and depositions as to his alleged wrongdoing, with the result that charges were drawn from the sworn statements of twenty-two persons, whose names are attached to the legal documents. These charges were presented by the Turkish minister of foreign affairs to the United States charge d'affaires at Constantinople. It is stated that he was the instigator of the uprisings against the Turkish government which were so relentlessly put down, and Armenian witnesses are produced who have testified to that effect. It is also stated in their depositions that this missionary was aware of a revolutionary plan of the Armenians and that he had advised them to assassinate some of their fellow-Christians in order that the crime might be attributed to Muslims. All these facts are claimed by the Turkish government to be established by judicial examination.

TURKEY WARNS GREECE.

Latter Country Will Be Held Responsible for the Cretan Insurrection.

Constantinople, July 30.—As a result of a cabinet council the Turkish government made a formal complaint to the government of Greece regarding the alleged shipment of arms and ammunition from Greece to the island of Crete for the use of the insurgents there, and relative to the appearance of armed bands in Macedonia, pointing out the danger therefrom to the peace of Europe and adding that Greece would be held responsible for it. The Turkish government also announced that it had been decided to grant limited concessions to the Cretans and that they will be allowed representation.

The powers, it is stated, have decided to send a collective note to Greece declaring that the government of the latter country must suppress the matters complained of by the Turkish government, adding that otherwise the sultan of Turkey will be left to restore order in Crete.

English Summer Resort Burned.

London, July 30.—A dispatch from Ilfracombe, the well-known bathing place on the north coast of Devonshire, announces that half the business portion of that port was burned this morning, involving a loss estimated to amount to \$100,000 (\$500,000). There was no loss of life.

Reed Renominated for Congress.

Alfred, Me., July 30.—This quaint town was the scene Wednesday of the opening of the republican national campaign of 1896. People from all the country round about came to town to listen to a speech by Thomas B. Reed on the occasion of his renomination for representative in congress by the first district republican convention. There were present many people from near-by sections of New Hampshire and Massachusetts, giving the occasion something of the character of an interstate demonstration. Mr. Reed was unanimously renominated for congress. He made a speech to the electors in favor of the gold standard.

Dr. L. N. Coffey Laid to Rest.

Cairo, Ill., July 30.—The funeral of the late Dr. Isaac N. Coffey was held here Wednesday. Rev. Charles T. Phillips, pastor of the First Presbyterian church, spoke feelingly of the life and character of the deceased, and of the lamentable circumstances which caused his death. At Blandville, Ky., where the interment was made, the whole county turned out. Crabtree, the slayer of Coffey, is still in jail and will probably be there for some time.

Masked Bandits Rob Station Agent.

Springfield, Ill., July 30.—Two masked men robbed the Illinois Central station at Walker, a station between this city and Clinton, at 10 o'clock Wednesday night. Agent Campbell was shot, and probably fatally wounded, by the robbers.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded, and wrinkles when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable examinations and "local treatments." He can persuade her, if she needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all derangements, weaknesses, irregularities and displacements of internal organs peculiar to women.
